Subjects: Adhesive E61.

Following your request, we are pleased to provide the following statement:
The product mentioned above does not contain:

- [substances listed in the Candidate List of Substances of Very High Concern according to REACH Regulation \(updating 04/02/2026\).](#)
- [Per- and polyfluorinated compounds \(PFAS\)](#)
- [Allergens listed in Annex II of Reg 1169/2011 \(and further amendments\).](#)
- [Nanomaterials](#)
- [Endocrine Disruptors](#)
- [Bisphenols](#)

They are never used as ingredients or process aids in any of our production processes. Since there is no scientific evidence of possible development of any of these substances during its production processes, Savaré does not run specific analysis to detect their presence.

When leaving our factory, this adhesive is to all intents and purposes free from these substances.

The fact that these chemical substances are to all intents and purposes absent from this adhesive does of course not absolutely exclude that toxicologically and/or regulatory irrelevant extremely low trace levels of these substances may be unintentionally present.
